	Architecture	MOC (uniform Master's degree studies)	MOC	MR	MR	MOC	MR	1. All lectures will be held online. 2. For students of the 1 <sup>st</sup> year of uniform Master's degree studies and the 2 <sup>nd</sup> year of Bachelor's degree studies as well as for the 1 <sup>st</sup> year of Master's studies, classes will be conducted in a mixed mode (for some groups on the campus, for some groups remotely). 3. As far as possible, during the semester, on-campus classes for students of the 3 <sup>rd</sup> and 4 <sup>th</sup> year of Bachelor's degree studies will be organised in blocks according to the curriculum.

	Civil Engineering (studies in English)	R	R	R	R	R	R	Considering international students, because we do not know if they come to Poland, online classes are planned.
9	<b>Faculty of Materials Science and Engineering</b>							
	Biomaterials (students who started studies in February 2020)	x	x	x	x	MR	x	On-campus classes for different years of studies will be conducted in 2-5-week blocks. Grouping the classes in blocks will result in reducing contact at the Faculty between students of different years of studies.  In the case of students of final years, additional presence at the Faculty is foreseen in connection with research for the final thesis. It is worth noting that the number of students of each year of studies – with the exception of the 1 <sup>st</sup> year of studies – does not exceed 40 people.
